

Highlights FY2020-21 - Impact

Due to the COVID 19 pandemic induced lockdown, we helped our CSR partners by supporting education and skill development using the online model apart from conventional approaches

Enabled the upskilling of teachers while working with local governments, amidst the lockdown. Shifted focus to online modes of learning.

47,352 teachers across 13 districts in Tamil Nadu and 36,438 teachers across 7 districts in Karnataka

Identified students who needed access to digital devices for continued learning and provided a monitoring and evaluation system to enable effective learning.

School going children from 150 families in Delhi

Procured digital devices for the girls and provided online learning content to help them continue their education uninterrupted during the lockdown.

2000 girls in Palghar district of Maharashtra

Support to ensure smooth operations of the school to promote continued quality education for the students.

210 students from the Marathi medium school

Supported underprivileged youth studying in college for preparing to join the workforce through mentoring, setting up interviews, support during the first year at work, etc.

200 girls in final year of college education
